To Whom It May Concern:

ClicktoStart had the pleasure of retaining the services of Eagle Painting to paint our new Head Office location situated at 22 Commerce Park Drive, Unit D1.

Geoff did a great job of making our office look spectacular and very professional. The walls were quite damaged but once he was finished, it was a big improvement! I must admit that I was quite impressed with his professionalism and also at how clean our office was once he was finished, you couldn't even tell that a painter had been there except for the change in color of the walls! He was great at accommodating our timelines and he made sure to be on schedule.

I wouldn't hesitate to recommend Eagle Painting to anyone who needs any painting done, be it a big or a small project, Geoff is without a doubt, one of the best in his trade.

Regards,

Lorraine Boutin-Gleason
